

## The New Generation High Demand Solution

# KIP 9000

The KIP 9000 is meticulously engineered to set the new standard for high demand print production.

- 22 'D' size prints per minute
- 600 x 600 dpi print resolution
- Advanced grayscale and fine line image enhancement
- 24-bit monochrome & color scanning
- Direct color copying to integrated inkjet printers
- Touch screen operator panel provides all system functions

## Faster, Sharper, Incredibly Powerful

The KIP 9000 print unit provides the ability to reproduce the full spectrum of technical, engineering and architectural documents with complete accuracy and confidence at a print speed of 47 feet per minute. The modular concept of KIP 9000 systems enables multiple configuration possibilities to suit any wide format document workflow environment:

- **KIP 9000 Print System**
- **KIP 9000 Print, Copy & Scan System**
- **KIP 9200 Monochrome Print, Copy & Scan System**
- **KIP 9200 Mono/Color Print, Copy & Scan System**

KIP 9000 systems are engineered for production class operation and reliability. A unique, state-of-the-art print unit maintains system productivity while ensuring maximum uptime to make every minute count. Advanced self diagnostic systems eliminate potential print delays.
